

Mock-ups Acme Handy Worker:

En este documento se exponen los mock-ups que se han desarrollado para el proyecto Acme Handy Worker. Se irán colocando dichos mock-ups acompañados de una pequeña explicación debajo de cada uno.

Además de los mock-ups de la entrega anterior: D05 – Views, se han añadido todos los mock-ups necesarios para el proyecto: Acme Handy Worker.

A continuación, se muestran todas las vistas que se van a usar para que los actores se registren en el sistema.

The mock-up shows a 'Register Customer' form. At the top, the title 'Register Customer' is displayed. To its right, a blue box contains the text 'customer: Customer'. Below the title, a breadcrumb trail shows 'registration/registerCustomer.do'. The form is titled 'Customer information' and contains several input fields with associated validation messages:

- User name: Size must be from 5 to 32
- Password: Size must be from 5 to 32
- Name: Must not be blank
- Middlename:
- Surname: Must not be blank
- Email: Must not be blank
- Phone: Does not match pattern
- Address:
- Photo:

At the bottom of the form, there are 'Save' and 'Cancel' buttons. Below these buttons, a breadcrumb trail shows 'welcome/index.do'. At the very bottom, a box indicates the form's action: 'registration/registerCustomer.do (POST: save)'.

Esta es la vista para el registro del actor customer.

Send Message

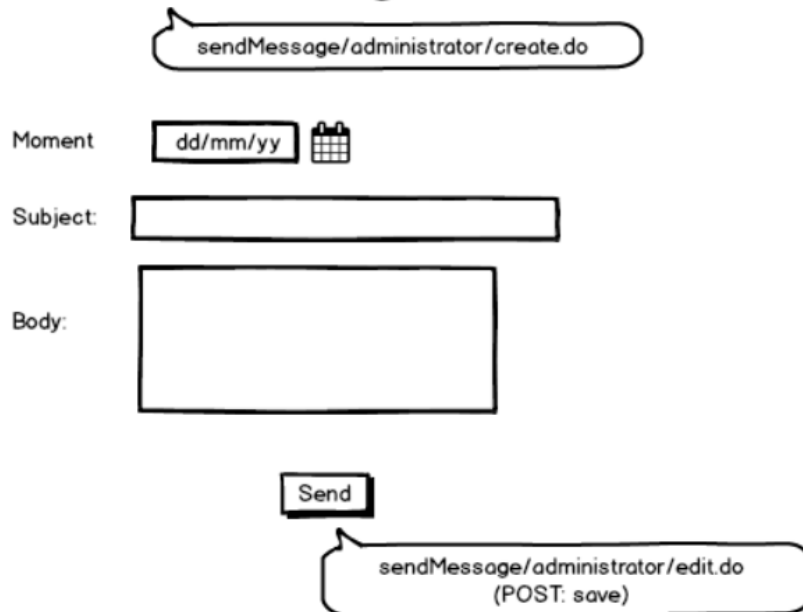

Diagram of the 'Send Message' form. It includes a title bar 'message: Message' with a red close button. A callout bubble points to the URL 'sendMessage/administrator/create.do'. The form has three main sections: 'Moment' with a date input 'dd/mm/yy' and a calendar icon; 'Subject' with a single-line text input; and 'Body' with a multi-line text area. A 'Send' button is located below the body. A callout bubble points to the URL 'sendMessage/administrator/edit.do (POST: save)'.

Aquí se muestra cómo sería la vista de un envío de mensaje de un actor del sistema.

A continuación, se muestran las vistas de creación, edición y display de los mensajes:

Create Message

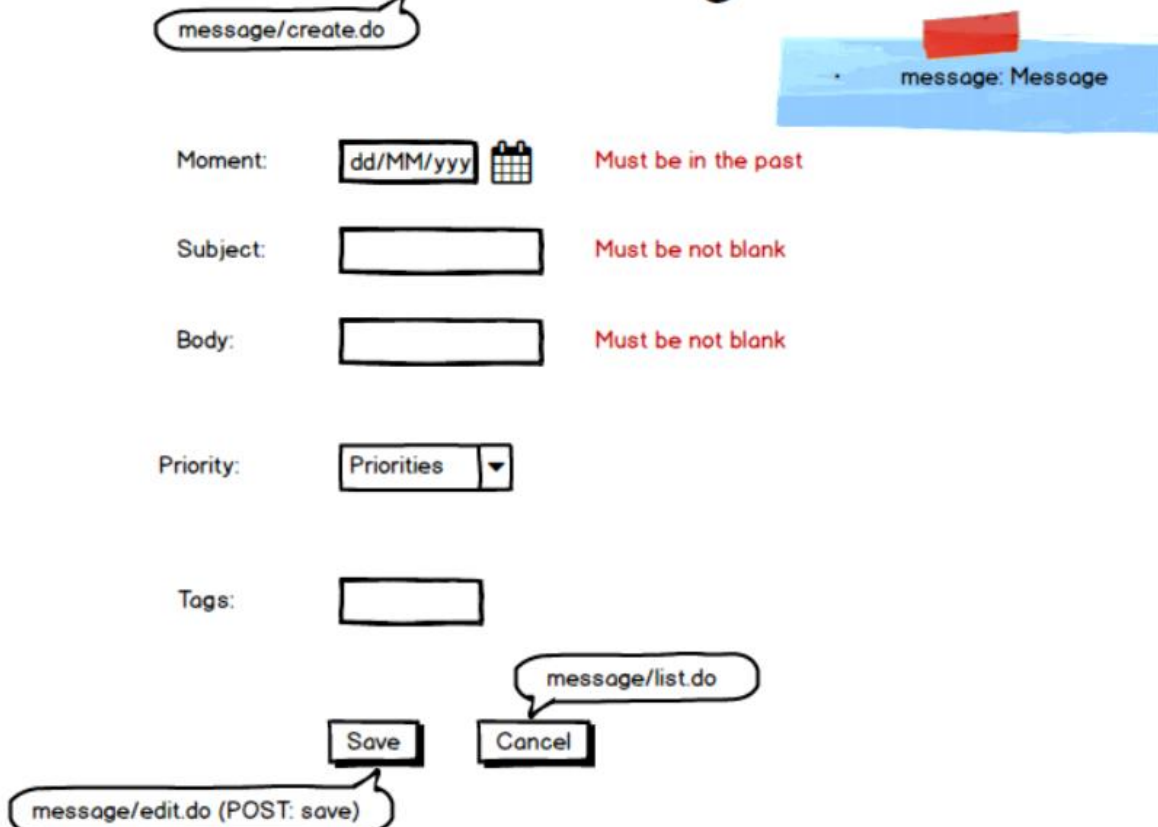

Diagram of the 'Create Message' form. It includes a title bar 'message: Message' with a red close button. A callout bubble points to the URL 'message/create.do'. The form has several sections: 'Moment' with a date input 'dd/MM/yyyy' and a calendar icon, with a red validation message 'Must be in the past'; 'Subject' with a single-line text input and a red validation message 'Must be not blank'; 'Body' with a multi-line text area and a red validation message 'Must be not blank'; 'Priority' with a dropdown menu showing 'Priorities'; and 'Tags' with a single-line text input. At the bottom, there are 'Save' and 'Cancel' buttons. A callout bubble points to the URL 'message/list.do' near the 'Cancel' button. Another callout bubble points to the URL 'message/edit.do (POST: save)' near the 'Save' button.
